## **Hearth and Vine, a vineyard café, Opens for Dinner**

**Black Star Farms announces the opening of Hearth & Vine serving dinner to the public Wednesday through Sunday evenings.**

Suttons Bay, MI February 1, 2010 - - A new star is born. Black Star Farms, already well known for its award-winning wines and cheeses, is now serving dinner in Hearth & Vine, a vineyard café, at the Suttons Bay farm featuring wood-fired fare in a rustic yet elegant atmosphere.

The weekly menu at Hearth & Vine draws on ingredients produced on the farm, including pork and lamb, fresh eggs, 9 Bean Rows hoop house vegetables and hearth baked breads, and of course, Leelanau Cheese Co. cheeses and Black Star Farms wines. It's truly a celebration of agriculture.

From late spring through fall, Hearth & Vine is open daily serving delicious wood-fired pizzas and sandwiches as well as soups and salads. Black Star Farms wine is available by the glass or bottle along with soft drinks, coffee and tea. Lunch and snacks can be enjoyed out on the terrace or indoors in the cozy cafe.

On the market side we're all about local. Black Star Farms farm-fresh eggs and fruits and vegetables from our and neighboring farms are offered seasonally. Pastries, cookies and 9 Bean Rows hearth-baked breads, Black Star Farms maple syrup, verjus and kettle cooked jams and preserves, and the best of other locally produced items are also available.

Black Star Farms is a unique agricultural entity that features two winery production facilities, their adjacent tasting rooms, a distillery, Inn, café, and equestrian facility. We just celebrated our 10<sup>th</sup> anniversary and are proud to represent the viticultural diversity of Northwest Michigan and its proximity to the 45<sup>th</sup> parallel that runs through so many of the great wine regions of the world.

Hearth and Vine is now open for dinner Wednesday-Sunday from 5pm to 9pm. Seating is limited and reservations are appreciated. For reservations, please call 231.944.1297
